

### **Arrangements on Deferral of Class Resumption**

Due to the latest epidemic development, all schools in Hong Kong (including kindergartens, primary schools, secondary schools, special schools and private schools offering non-formal curriculum) would resume classes on March 2 the earliest pending further assessment. Parents please pay attention to the following arrangements:

1. During the period of postponement of class resumption, our school will keep the premises open and arrange a suitable number of staff to be on duty to take care of students in need. Within the 14 days of returning from Mainland China, students should stay at home. If children have any flu symptom or fever, please do not go back to school. Otherwise, if students need to go back to school, they should wear surgical masks and have their bodies temperature checked, parents should also prepare lunch for their children.
2. Students are strongly urged to avoid going to areas affected by the epidemic outbreak. Parents should also arrange for their children who are travelling abroad to return to Hong Kong as soon as possible. During the period of postponement of class resumption, students should stay at home; avoid going to crowded places and travelling in order to lower the risk of being infected. If they feel unwell, they should seek medical treatment as soon as possible to safeguard their health.
3. Our school will upload classwork on EVI and WeChat on 6th February, 2020, parents can download and print the classwork and let children keep studying at home.
4. After confirming the date of class resumption by the government, our school will have more information about the resumption, please pay attention to the related notice and messages given from school, thank you.
5. To prevent the disease, our school will step up cleansing and parents should cooperate with us by maintaining house's cleansing and keep reminding of children's personal hygiene.

Kind Regards,  
Elite Kids Anglo-Chinese Kindergarten
