## Our K1 class

At the beginning of the three-year school life, K1 lesson will mainly focus on Chinese; English; Mathematics and General Studies and be integrated with life experiences, from easy to challenging, children's knowledge can be deepened and have a well preparation for K2 and K3 classes. We also aim at cultivating children's character and discipline through daily classes.

### Tips for interview

Parents and children will have the interview with teachers together. Teachers will know more about the family status by talking with parents. They will also observe children's reactions; concentration; courtesy; performances and parent-child relationship.

Priority	Qualification	Note
First	* have sibling studying in our school * children who took the preschool lessons	Have good performance during interview
